

# PIAGAM ALUMNI

Almamater CEP - CCIT FTUI

Menyatakan bahwa :

Adamsyam Arrafi

merupakan Alumni CEP - CCIT FTUI yang senantiasa diharapkan  
menjunjung nilai kehormatan Almamater melalui kerja dan pengabdianya bagi  
bangsa dan negara Indonesia disertai kesetiannya kepada Almamater.

Depok, 12 November 2022

## ACADEMIC TRANSCRIPT

79/UN2.F4.D2.1.2/PDP.01.08/2022

Name : Adamsyam Arrafi  
Registration Number : 2020010018

Programme : IT Professional in Software Engineering  
Department : CEP-CCIT FTUI

Cummulative Weighted Average  
Rate Performance:

- CWAP : 3,47 (4-Scale)
- Performance : Excellent

| Semester I     |                                                                   |       | Semester II    |                                            |       |
|----------------|-------------------------------------------------------------------|-------|----------------|--------------------------------------------|-------|
| Module Content |                                                                   | Marks | Module Content |                                            | Marks |
| 1.             | Introduction to Information Technology                            | C+    | 1.             | Object Oriented Programming                | C     |
| 2.             | Introduction to Information Technology Project                    | B+    | 2.             | Object Oriented Programming Project        | B     |
| 3.             | Algorithm and Programming                                         | C     | 3.             | Java Programming                           | C-    |
| 4.             | Algorithm and Programming Project                                 | B     | 4.             | Java Programming Project                   | B+    |
| 5.             | Relational Database Design                                        | B-    | 5.             | Introduction to Web Programming            | A-    |
| 6.             | Implementing Database Design on MS SQL Server                     | C+    | 6.             | Introduction to Web Programming Project    | A-    |
| 7.             | Implementing Database Design on MS SQL Server Project             | B+    | 7.             | Web Application                            | B-    |
| 8.             | Tools Technique for Analyzing Data                                | C+    | 8.             | Web Application Project                    | B+    |
| 9.             | Tools Technique for Analyzing Data Project                        | A-    | 9.             | Leadership and Communication Skills        | B+    |
| 10.            | Operating System                                                  | B+    | 10.            | Algorithm and Data Structure               | A-    |
| Semester III   |                                                                   |       | Semester IV    |                                            |       |
| Module Content |                                                                   | Marks | Module Content |                                            | Marks |
| 1.             | Developing Enterprises Information System using Framework         | B-    | 1.             | Human Computer Interaction                 | B     |
| 2.             | Developing Enterprises Information System using Framework Project | A     | 2.             | Human Computer Interaction Project         | A-    |
| 3.             | Automated Software Testing                                        | A     | 3.             | Web Programming for Mobile Devices         | B-    |
| 4.             | Automated Software Testing Project                                | A     | 4.             | Web Programming for Mobile Devices Project | A-    |
| 5.             | Mobile Computing                                                  | B+    | 5.             | Cloud Computing                            | A     |
| 6.             | Mobile Computing Project                                          | A     | 6.             | Cloud Computing Project                    | A     |
| 7.             | Collaborative Development using Repository System                 | A     | 7.             | Software Engineering                       | B+    |
| 8.             | Project Management using DevOps                                   | A     | 8.             | Professional Ethics                        | A     |
| 9.             | Project Management using DevOps Project                           | A     | 9.             | Security Concept                           | B+    |
| 10.            | Information System Architecture and Technology                    | A     |                |                                            |       |

Legend (based on NIIT Academic Policy)

| Letter Grade | Grade Value | Legend       |
|--------------|-------------|--------------|
| A            | 4.00        | Outstanding  |
| A-           | 3.75        |              |
| B+           | 3.50        |              |
| B            | 3.25        | Excellent    |
| B-           | 3.00        |              |
| C+           | 2.75        | Good         |
| C            | 2.50        | Average      |
| C-           | 2.25        | Satisfactory |
| D            | 2.00        |              |
| E            | 1.00        | Not Achieved |
